ABOUT THE CONFERENCE

Telehealth has emerged as one of the fastest growing areas in modern medicine. The Centre for Online Health (University of Queensland) has had a leading role in establishing and coordinating an internationally recognised event for everybody interested in telemedicine, telehealth and e-Health. The SFT conference series provides a unique forum which explores both successes and failures in telehealth.

The **Annual Conference on International Successes and Failures in Telehealth (SFT)** will be held in the Education Centre, Royal Brisbane & Women's Hospital, Brisbane, Australia on **10-11 November 2009**.
